

Newlink OFC S-Video Cable (Mini Din)

Details correct on: 19/02/2015

Notification	
Product Code	NL2VV-100
Short Description	Newlink OFC 4 pin male S-Video/SVHS gold, 10 Mtr
Full Description	OFC (Oxygen Free Copper) is produced by melting and casting copper under a near vacuum atmosphere to lower the residual oxygen content. This reduces corrosion and enhances conductivity. The alloy hoods are made from Zinc Alloy with colour coded banding. S-VHS connection cable with gold plated plugs for transmission of video signals.
